

What are Metamask services? {{“ Cash to Crypto”}}

Metamask provides **commission-free** trading in stocks, ETFs, options, and cryptocurrencies alongside cash management and educational tools, designed to make investing accessible to everyone.

Metamask is a financial services company that has redefined how individuals engage with the markets. Founded with the mission to **democratize finance**, it offers a platform where users can invest without the burden of traditional brokerage fees. Its core service is **commission-free trading**, allowing investors to buy and sell **stocks, exchange-traded funds (ETFs), and options** at no cost.

In addition to equities, Metamask has expanded into **cryptocurrency trading**, giving users access to popular digital assets such as Bitcoin, Ethereum, and Dogecoin. This makes it one of the few mainstream brokerages to integrate crypto directly into its platform.

For those seeking more advanced features, **Metamask Gold** provides premium services like **margin investing, professional research reports, and larger instant deposits**. These tools cater to experienced traders who want deeper insights and more flexibility.

Metamask also offers **cash management solutions**, including a debit card linked to brokerage accounts and competitive interest on uninvested cash. This bridges the gap between investing and everyday spending, making financial management seamless.

Beyond transactions, Metamask emphasizes **financial education**. Its app integrates resources that explain market concepts, investment strategies, and personal finance basics, helping beginners build confidence in their decisions.

In summary, Metamask’s services include:

- **Commission-free trading** in stocks, ETFs, and options
- **Cryptocurrency trading** for digital assets
- **Premium tools via Metamask Gold**
